ARANI

Arani

Arani has become one of the largest sellers of LED Lighting products in Canada by seamlessly streamlining their business applications via APPSeCONNECT.

About:

Arani is one of the largest suppliers of LED lighting products all across Canada and they work via an extensive network of distributors. They have a huge product base and expertise in LED lighting for all sorts - residential, commercial and even industrial. With their facility of same-day delivery, they have become the top sellers for such requirements.

Project Overview:

With the expansion of their business within Canada, Arani has soon become the largest seller of LED lighting products and maintains a huge inventory of items. They used Magento as their storefront and SAP Business One as their back-end ERP tool. To manage all their business data and streamline their operations, a smart and robust integration platform was required which not only connected multiple applications but also guaranteed security.

The Challenges

- Maintaining the same data across multiple platforms.
- Specific business needs could not be met.
- Manual data entry and duplicate data.
- Loss of valuable time and energy.

The Solution

Integration: Magento with SAP Business One ERP

- All business data is efficiently maintained on multiple platforms.
- End to end mapping between e-commerce and ERP business objects.
- Automated synchronization of the item information to Magento from legacy ERP system.
- Improved efficiency in sales and inventory management between ERP and ecommerce.
- Complete bi-directional synchronization of Sales Orders from E-commerce to ERP.

Headquarters:

Montréal, Québec

Industry:

Electrical/Electronic Manufacturing

Company size:
