 APPSECONNECT

SAP Business One & HubSpot Integration

www.appseconnect.com

Available Integration Touchpoints

Company Sync

- Companies created in HubSpot CRM will be synced to SAP Business One, creating a new Business Partner Master Data.

Contact Sync

- When Companies are created in HubSpot CRM with Contact persons, Business Partners will be created in SAP with Contact Persons under it. Contact Persons created in SAP Business One can also be synced to HubSpot and added under the respective Company.

Potential Sync

- HubSpot Sales Potentials / deals along with their current stage and potential amount can be synced to SAP Business One as Sales Opportunities/Orders.

Seamless integration between your apps

Automate manual processes

APPSeCONNECT makes life easier for you. Seamlessly connect all your business applications and save time by automating manual processes.

Focus on Profitability

Why spend hours in doing manual work that can be automated. Instead, focus on your core business and increase your revenue.

What our customers say...

For us, the **“set it and forget it”** aspect of the APPSeCONNECT is the best part. We needed something that could run on its own and just work, APPSeCONNECT does this quite well.

Terence McDevitt

Project Manager
Premier Research Labs

In one word, Awesome!
APPSeCONNECT definitely provides an excellent and professional service with great value for money. It is one of the best software company that I have worked with.
