

WooCommerce & Priority Integration

www.appseconnect.com

Available Integration Touchpoints

Customer Sync

- Web customers register online in WooCommerce website will be synced back to Priority ERP along with customer details which includes their billing and shipping addresses, contact information under customer section.
- Customer sync works bi-directionally. Existing customer details can be synced back and forth to WooCommerce. In general customer sync process happens from WooCommerce to Priority ERP. Customer sync works bi-directionally. Existing customer details can be synced back and forth to WooCommerce. In general customer sync process happens from WooCommerce to Priority ERP.

Order Sync

- Web orders placed in WooCommerce will be synced to Priority ERP as a Sales Order or Order Entry.
- Taxes and Shipping Charges will be properly mapped in between eCommerce and ERP.
- Even Sales Orders by our guest customers can be synced to Priority ERP and the sales orders also can be assigned against a Default Customer for Order Processing.

Available Integration Touchpoints

Product sync

- ➔ ERP Items can be listed in WooCommerce, while existing item details defined in WooCommerce will be synced back to Priority ERP under Inventory Control Item list.
- ➔ Item sync works bidirectionally between WooCommerce and Priority ERP.

Inventory sync

- ➔ Stock Updates which happen in Priority ERP through Purchase Cycle or Inventory Adjustment Process will be synced back to WooCommerce website.
- ➔ Warehouses can be fully mapped with the WooCommerce websites. Inventory from a desired warehouse or cumulative stock from multiple warehouses can be synced to WooCommerce through configuration in APPSeCONNECT Dynamic Mapping Interface.

Seamless integration between your apps

Automate manual processes

APPSeCONNECT makes life easier for you. Seamlessly connect all your business applications and save time by automating manual processes.

Focus on Profitability

Why spend hours in doing manual work that can be automated. Instead, focus on your core business and increase your revenue.

What our customers say...

For us, the **“set it and forget it”** aspect of the APPSeCONNECT is the best part. We needed something that could run on its own and just work, APPSeCONNECT does this quite well.
