

The SAP Business One logo is displayed within a white circular node on the left side of a diagram. The diagram features a central white circle containing a blue robot character with a yellow eye and green arms. Two dashed white lines form a semi-circle connecting this central node to the SAP Business One node on the left and the bambooHR node on the right. The background is a dark teal gradient with stylized clouds.

SAP Business
One

The bambooHR logo is displayed within a white circular node on the right side of a diagram. The diagram features a central white circle containing a blue robot character with a yellow eye and green arms. Two dashed white lines form a semi-circle connecting this central node to the SAP Business One node on the left and the bambooHR node on the right. The background is a dark teal gradient with stylized clouds.

bambooHR™

The APPS@CONNECT logo consists of a white cloud icon with a circular arrow inside, followed by the text "APPS@CONNECT" in a white, sans-serif font.

APPS@CONNECT

SAP Business One & Bamboo HR Integration

www.appseconnect.com

Available Integration Touchpoints

Employee Upload Sync

- ➔ Employees saved in Bamboo HR (Human Resource Software as a Service) will be synced to SAP Business One Employee Master Data under the Human Resource section with all details that are mentioned in Bamboo HR for that particular employee - such as Employee Name, Address, all personal and contact details, all job information and compensation details.

Employee Download Sync

- ➔ Employees created in SAP Business One under the Human Resource section along with the existing employee details maintained in the ERP also can be sync back to Bamboo HR. All the mandatory fields with the required details of that employee should be mentioned for the sync of an employee from SAP Business One to Bamboo HR.

Seamless integration between your apps

Automate manual processes

APPSeCONNECT makes life easier for you. Seamlessly connect all your business applications and save time by automating manual processes.

Focus on Profitability

Why spend hours in doing manual work that can be automated. Instead, focus on your core business and increase your revenue.

What our customers say...

For us, the **“set it and forget it”** aspect of the APPSeCONNECT is the best part. We needed something that could run on its own and just work, APPSeCONNECT does this quite well.

Terence McDevitt

Project Manager
Premier Research Labs
