Acumatica and Shopify Integration

Synchronization Points

Customer

- **New Customer**
  Web customer can register online. All the registration information like account information, contact information, billing & shipping address, etc. will be synced to Acumatica Cloud ERP under Accounts Receivable Customer section.

- **Existing Customer**
  Any existing web customer details can be downloaded to Acumatica automatically in real-time.

- **Guest Customer**
  As per business requirements, the connector can be configured to sync guest customer information such as contact and address information to Acumatica with a different B.P Code for easy tracking, Merchants can plan further marketing activity to these guest customers based on their contact info.

Order

Shopify Sales Orders placed by the web customers will instantly be synced to Acumatica cloud ERP under Cash Sales section. Exact value mapping of tax and shipping charges are ensured for proper order total calculation while converting to Acumatica Sales.

Product

Products created in Shopify will sync back to Acumatica with all the details. APPSeCONNECT can modify product details back to Acumatica.

Inventory

Real-time stock update from Acumatica to maintain exact inventory level in the Shopify eCommerce store. Product stock will be synced from Acumatica to Shopify and there are options to choose multiple variants of the combination:
In Stock – Committed
In Stock
In Stock – Committed + Ordered

What our customers say...

Without APPSeCONNECT, I don't think we could have grown our website to where it is now. In terms of what is out there in the market, it is the cheapest option that would deliver a reliable service.
