

Priority and WooCommerce Integration

PRIORITY AND WOOCOMMERCE INTEGRATION

Synchronization Points

Customer

- Web customers register online in WooCommerce website will be synced back to Priority ERP along with customer details which includes their billing and shipping addresses, contact information under customer section.
- Customer sync works bi-directionally. Existing customer details can be synced back and forth to WooCommerce. In general customer sync process happens from WooCommerce to Priority ERP. Customer sync works bi-directionally. Existing customer details can be synced back and forth to WooCommerce. In general customer sync process happens from WooCommerce to Priority ERP.

Product

- ERP Items can be listed in WooCommerce while existing item details defined in WooCommerce will be synced back to Priority ERP under Inventory Control Item list.
- Item sync works bidirectionally between WooCommerce and Priority ERP.

Inventory

- Stock Updates which happen in Priority ERP through Purchase Cycle or Inventory Adjustment Process will be synced back to WooCommerce website.
- Warehouses can be fully mapped with the WooCommerce websites. Inventory from the desired warehouse or cumulative stock from multiple warehouses can be synced to WooCommerce through configuration in APPSeCONNECT Dynamic Mapping Interface.

Order

- Web orders placed in WooCommerce will be synced to Priority ERP as a Sales Order or Order Entry.
- Taxes and Shipping Charges will be properly mapped between eCommerce and ERP.
- Even Sales Orders by our guest customers can be synced to Priority ERP and the sales orders also can be assigned against a Default Customer for Order Processing.

Transform the way you work and improve business efficiency!

APPSeCONNECT-led business processes streamline your operational workflow and help you expand customer and employee satisfaction amplifying revenue numbers and growth.

SAVE TIME AND EFFORT

Seamlessly connect business-critical applications and save huge amount of time and effort by automating business processes

Eliminate the need for manual data entry, resulting reduced risk of errors, increased productivity, quality and a happier workforce

FOCUS ON PROFITABILITY

Streamlined business processes lets you focus on what matters the most: increasing customer satisfaction, revenue, growth!

What our customers say...

Without APPSeCONNECT, I don't think we could have grown our website to where it is now. In terms of what is out there in the market, it is the cheapest option that would deliver a reliable service.

Erika Weihmayer
Prana Biovegan

The product is easy to work with. Throughout the process, APPSeCONNECT was very accommodating of our specific requests.
