

SAP Business One and BigCommerce Integration

Synchronization Points

SAP Business One and BigCommerce Integration:

BigCommerce + SAP B2C

Orders

- Newly placed web orders in BigCommerce will be synced to SAP Business One as Sales Orders.
- The following order details will be synced from the ERP sales order:
 - Item details
 - Order Number
 - Quantity
 - Item Price
 - Discounts
 - Billing and shipping address
 - Taxes and Shipping Charges
- Tax, Shipping Charges and Discounts can be configured in Line Level/Document level within the SAP Business One Sales Order.

Invoice/Payment

- Online payments in BigCommerce will be synced to SAP Business One as A/R Reserve Invoice and Incoming Payments.
- This will contain the Online Payment Transaction ID for proper Payment Reconciliation.

Item

- Item Master Data from SAP Business One can be selectively synced to BigCommerce as Simple and Variant product types.
- A pre-defined pricelist from SAP Business One will also be synced to BigCommerce and will act as the product base price in BigCommerce.
- Any update to items or item details will also be synced from SAP Business One to BigCommerce.

Synchronization Points

SAP Business One and BigCommerce Integration:

Inventory/Warehouse/Stock

- One or multiple warehouses in SAP Business One will be mapped and synced with one or multiple Inventory locations of BigCommerce for accurate stock update from SAP Business One to BigCommerce.
- Stock can be picked up from SAP Business One in any of the below combinations:
 - In Stock
 - In Stock – Committed
 - In Stock – Committed + Ordered

Fulfillment/Shipment

- Delivery in SAP Business One with tracking number will be synced to update BigCommerce web order status and add a Shipment Tracking No. in BigCommerce.

Transform the way you work and improve business efficiency!

APPSeCONNECT-led business processes streamline your business workflow and help you expand customer and employee satisfaction amplifying revenue numbers and growth.

Save Time and Effort

Seamlessly connect business-critical applications and save huge amount of time and effort by automating business processes

Boost Productivity

Eliminate the need for manual data entry, resulting reduced risk of errors, increased productivity, quality and a happier workforce

Maximize Growth

Streamlined business processes lets you focus on what matters the most: increasing customer satisfaction, revenue, growth!

What our customers say...

Without APPSeCONNECT, I don't think we could have grown our website to where it is now. In terms of what is out there in the market, it is the cheapest option that would deliver a reliable service.

Erika Weihmayer
Prana Biovegan

The product is easy to work with. Through out the process, APPSeCONNECT was very accommodating of our specific requests.

Victoria Schweistein
Lumondi Inc
