SAP Business One and Swell Commerce Integration

SAP BUSINESS ONE AND SWELL COMMERCE INTEGRATION

Synchronization Points

Customer

- New customers registered on Swell Commerce are synced to SAP Business One as a Business Partners.
  (All details of the web customer including billing, shipping address, and contact information with the email id and telephone number are also synced to SAP Business One.)

- Guest customer information is also synced from the sales order details.

Product

- Product sync works bi-directionally. Items listed in SAP Business One are uploaded as Products in Swell Commerce.

- Existing products with details are synced back to SAP Business One from Swell Commerce.

Sales Order

- Orders placed in the Swell Commerce are synced to the SAP Business One as a Sales Order.
  (All the order details like Items Ordered, Amount, Customer Name, Address, etc. are also synced to SAP Business One.)

- SAP Business One Sales Order contains all the Web Order information like Web Order ID, Payment Method, etc.

- The Discount Field in SAP Business One contains information about any discount in Swell Commerce.

- Also, APPSeCONNECT value mapping feature helps in calculating Proper Tax and Shipping Charges.

- The Online Payment Information, along with the Sales Order, is synced to SAP Business One as Incoming Payment from Swell Commerce.

Stock

- Stock Update in SAP Business One through Purchase or Production Process are synced back to Swell Commerce to maintain accurate inventory levels between SAP Business One and Swell Commerce.

What our customers say...

Without APPSeCONNECT, I don't think we could have grown our website to where it is now. In terms of what is out there in the market, it is the cheapest option that would deliver a reliable service.

Erika Weihmayer
Prana Biovegan

The product is easy to work with. Throughout the process, APPSeCONNECT was very accommodating of our specific requests.
