SAP BUSINESS ONE AND ZOHO BOOKS INTEGRATION

Synchronization Points

Customer

Any new customer or account added in Zoho Books will be synced to SAP Business One as a Business Partner. All details of the web customer including billing & shipping address and contact information with the email id and telephone number will be available in SAP Business One.

When customer records are updated in Zoho Books, corresponding SAP Business One records are also updated.

Contact Person

Any contact person registered under Customer in Zoho Books will be synced back to SAP Business One under the Business Partner Master Data as a Contact Person. All details of the contact person, including contact information with the email id and telephone number will be synced to SAP Business One.

Customer/Accounts and Contacts sync works bi-directionally. Existing Customer & Contact details will also be synced back to Zoho Books from SAP Business One.

Product

Any Item listed in SAP Business One will be uploaded as Products in Zoho Books. Product sync works bi-directionally. Existing products with details can also be synced back to SAP Business One from Zoho Books.

Stock

Stock Update, which happens in SAP Business One through the Purchase or Production Process, will be synced back to Zoho Books.
APPSeCONNECT allows a different combination of Stock Sync from SAP Business One to Zoho Books in In Stock, Committed and Ordered Quantities.

Example:
- In Stock – Committed + Ordered
- In Stock – Committed

Sales Order

Any orders placed in Zoho Books will be synced back to the SAP Business One as a Sales Order. All the order details like Items ordered, amount, freight, etc. Will also be available in SAP Business One.

What our customers say...

PRANA ORGANIC

Without APPSeCONNECT, I don't think we could have grown our website to where it is now. In terms of what is out there in the market, it is the cheapest option that would deliver a reliable service.
