

# Dynamics 365 Business Central and Kibo Commerce Integration

# Integration Endpoints

## Dynamics 365 Business Central and Kibo Commerce Integration

### Customer

#### Add / Update

- New customers registered on Kibo Commerce website will be synced to Dynamics 365 Business Central as Customer, with all the details such as billing & shipping address, customer information, email ID, phone number, etc.
- Updates made to existing customers in Kibo Commerce will also be synced to Dynamics 365 Business Central with all details.
- Since Customer sync works bidirectionally, any customer in Dynamics 365 Business Central will also be synced to Kibo Commerce with all the abovementioned details.

### Product

#### Add / Update

- New products on the Kibo Commerce website will be synced to Dynamics 365 Business Central as Products, with all the details such as product name, description, short description, price, product code, etc.
- Updates made to existing products in Kibo Commerce will also be synced to Dynamics 365 Business Central with all details, and vice versa.
- Since Product sync works bidirectionally, any product in Dynamics 365 Business Central will also be synced to Kibo Commerce with all the abovementioned details.

# Integration Endpoints

## Dynamics 365 Business Central and Kibo Commerce Integration

### Inventory

- Inventory level updates for new or existing products with location ID will be synced from Dynamics 365 Business Central to Kibo Commerce.
- These IDs will also be synced within Dynamics 365 Business Central itself.

### Order

- New orders placed on the Kibo Commerce website will be synced to Dynamics 365 Business Central as Sales Order, with all the details such as items ordered, amount, customer, name, address, etc.

# Transform the way you work and improve business efficiency!

APPSeCONNECT-led business processes streamline your business workflow and help you expand customer and employee satisfaction amplifying revenue numbers and growth.

## Save Time and Effort

Seamlessly connect business-critical applications and save huge amount of time and effort by automating business processes

## Boost Productivity

Eliminate the need for manual data entry, resulting reduced risk of errors, increased productivity, quality and a happier workforce

## Maximize Growth

Streamlined business processes lets you focus on what matters the most: increasing customer satisfaction, revenue, growth!

## What our customers say...

*Without APPSeCONNECT, I don't think we could have grown our website to where it is now. In terms of what is out there in the market, it is the cheapest option that would deliver a reliable service.*

**Erika Weihmayer**  
Prana Biovegan

*The product is easy to work with. Through out the process, APPSeCONNECT was very accommodating of our specific requests.*

**Victoria Schweistein**  
Lumondi Inc
